

兔抗 STAMBP 多克隆抗体

中文名称：兔抗 STAMBP 多克隆抗体

英文名称：Anti-STAMBP rabbit polyclonal antibody

别名：AMSH

相关类别：一抗

储存：冷冻（-20℃）

抗原：STAMBP

宿主：Rabbit

反应种属：Human, Mouse, Rat

标记物：Unconjugate

克隆类型：rabbit polyclonal

技术规格

Background:	Cytokine-mediated signal transduction in the JAK-STAT cascade requires the involvement of adaptor molecules. One such signal-transducing adaptor molecule contains an SH3 domain that is required for induction of MYC and cell growth. The protein encoded by this gene binds to the SH3 domain of the signal-transducing adaptor molecule, and plays a critical role in cytokine-mediated signaling for MYC induction and cell cycle progression. Multiple alternatively spliced transcript variants encoding the same protein isoform have been found for this gene.
Applications:	ELISA, IHC
Name of antibody:	STAMBP
Immunogen:	Fusion protein of human STAMBP

Full name:	STAM binding protein
Synonyms :	AMSH
SwissProt:	O95630
ELISA Recommended dilution:	1000-2000
IHC positive control:	Human liver cancer
IHC Recommend dilution:	15-50
