

## 兔抗 SCGN 多克隆抗体

中文名称：兔抗 SCGN 多克隆抗体

英文名称：Anti-SCGN rabbit polyclonal antibody

别名：secretagoin, EF-hand calcium binding protein; SEGN; CALBL; SECRET; setagin; DJ501N12.8

相关类别：一抗

储存：冷冻（-20℃）

宿主：Rabbit

抗原：SCGN

反应种属：Human, Mouse, Rat

标记物：Unconjugate

克隆类型：rabbit polyclonal

### 技术规格

|                                    |   |
|------------------------------------|---|
| <b>Background:</b>                 | The encoded protein is a secreted calcium-binding protein which is found in the cytoplasm. It is related to calbindin D-28K and calretinin. This protein is thought to be involved in KCL-stimulated calcium flux and cell proliferation. |
| <b>Applications:</b>               | ELISA, WB   |
| <b>Name of antibody:</b>           | SCGN  |
| <b>Immunogen:</b>                  | Fusion protein of human SCGN  |
| <b>Full name:</b>                  | secretagoin, EF-hand calcium binding protein  |
| <b>Synonyms:</b>                   | SEGN; CALBL; SECRET; setagin; DJ501N12.8  |
| <b>SwissProt:</b>                  | O76038  |
| <b>ELISA Recommended dilution:</b> | 5000-10000  |
| <b>WB Predicted band size:</b>     | 32 kDa  |

|                          |  |
|--------------------------|--|
| WB Positive control:     | Hela cell and Human fetal liver tissue lysates |
| WB Recommended dilution: | 500-2000                                       |
